

# Wellington IBM Cognos TM1 User Group

**When:** 12-1:30pm Tuesday 18<sup>th</sup> October 2011

**What:** This is a new independent user group for users of TM1/Cognos Express.

The aim of the group is to improve TM1's profile in Wellington and share technical knowledge among TM1 professionals.

Every couple of months (depending on feedback) we will have two presentations one will suit entry – medium level TM1 users.

For more information join the [linkedin group](#)

**Where:** IBM Board Room, Level 11 / 100 Willis street, Majestic Tower, Wellington

**Cost:** Free but please RSVP to [j.webber@irl.cri.nz](mailto:j.webber@irl.cri.nz) to ensure we have enough Pizza (kindly provided by )

## Agenda

**12:00**      **Short Introduction and Pizza**

**12:10**

**Active Forms** – Introductory TM1 Level – Jason Conway (Industrial Research Limited)

This session will demonstrate several Active Form examples that IRL have used to improve information accessibility and user productivity, and describe some TM1 issues overcome while building these.

**About Jason:**

Jason is a Management Accountant at IRL. He has been the sole TM1 business expert for over two years, responsible for defining requirements, testing and general user support and maintenance. Jason is married to Mairead, has three boys (the youngest are twins) and is an avid All Blacks/Hurricanes supporter.

**12:40**

**Planning at different levels** – Advanced TM1 Level - Martin Ryan (Fairfax)

TM1 doesn't support planning at different levels straight out of the box, but Martin will demonstrate several ways to handle this including spreading, ragged hierarchies and rules driven by attributes.

**About Martin:**

A TM1 specialist for eight years Martin is currently contracting at Fairfax. He has worked for Cortell and CDP and is an admin on the [TM1 forum](#). Martin is married to Lucy and has two lovely daughters.

**1:10**

**Feedback / Networking and Any Other Business**

RSVP to [j.webber@irl.cri.nz](mailto:j.webber@irl.cri.nz) so we can organise enough Pizza.

Particularly if you have any special dietary requirements.

I welcome any other suggestions for user group topics/ offers to help facilitate / any other feedback
